

Local Bus Update

Essex County Council has been working closely with transport providers of services in the Uttlesford area to review new arrangements which came into effect at the start of term. This aims to resolve any issues which have arisen during the first few weeks of operation.

In respect of Stephenson's Services 301,446, 441, feedback from parents was discussed with Stephenson's. Times for the 301 have been revised to help reduce waiting time for students at the end of the school day and changes have been made to the 446 & 441 services in order to improve punctuality across the area.

Please see attached publicity information giving details of the new timetables which will come into effect 16 October 2016. These changes have been made at short notice in order to improve the situation as soon as possible and because of the nature of the short term registration, roadside publicity will not be updated for approximately 2 – 3 weeks.

Thank you for your assistance in ensuring that the transport users are aware of this information.

Kind Regards

Passenger Transport
